

National Disaster Relief And Recovery Arrangements Nyall Road

Location

Charters Towers

Client

Charters Towers Regional
Council

Contract Value

\$2,658,361

Commencement Date

September, 2011

Completion Date

May, 2012

Burdekin Haulage was engaged under the National Disaster Relief And Recovery Arrangements for Charters Towers Regional Council, to repair roads to the state they were prior to the State declared flood event declared in February 2011, following Cyclone Yasi.

Project Scope

The project involved gravel re-sheeting, surface formation grading, rock protection. There were seven roads included in this works package to make up the 114 kilometres of road to be repaired and made good.

Outcomes

This eight-month project, ran through the wet season of 2011/2012, when in February 2012 another flood event was declared in the Region. There were no environmental incidents recorded during this challenging project.

The project required successful management of day-to-day traffic issues on rural roads where maintaining access was crucial for heavy vehicles, including triple road trains and cattle carriers.

Works were completed in accordance with all environmental management and safety plans.

Burdekin Haulage met the budget set at contract award.
